How This Guide Can Help You

This guide will help you choose a health plan.

If you are already in a HealthChoices plan, you can compare your plan to the other plans. You do not have to change plans. Remember that you can change plans if you want to.

The information in this guide comes from the HealthChoices plans and their members.

Your Health Benefits

After you join a health plan, you will get most of your Medical Assistance benefits through that plan. All plans would give you the same basic benefits. Some plans will give you some extra services.

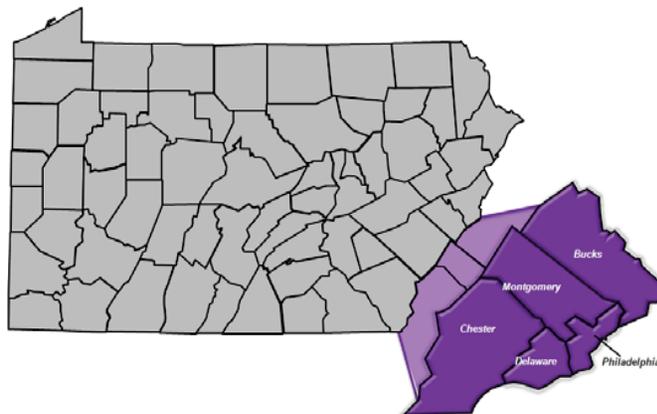

The plan will send you a handbook about your benefits and services.

The basic benefits are shown below. Your benefits will be based on how you qualify for Medical Assistance. This is called your *category of assistance*.

- **Doctor and hospital visits** - including lab and x-ray services, emergency services and visits to specialists
- **Medicine** - prescription drugs and over-the-counter drugs if the doctor gives you a prescription for them
- **Health care for women** - pregnancy care, family planning and birth control
- **Dental care** - routine dental care for children to age 21; benefits vary for adults
- **Vision care** - medically necessary services including eye exams, glasses and lenses
- **Medical equipment** - such as., wheel chairs and diabetic supplies
- **Chiropractic care, physical therapy, foot care and home health care**

If you live in these counties, you are in HealthChoices Southeast. You can choose:

- Aetna Better Health
- Health Partners Plans
- Keystone First
- United Healthcare

Comparing the Plans

The information in the chart shows how well the plans deliver services and how the members feel about their plan. You can use this information along with your enrollment packet or log on at www.enrollnow.net to choose a plan.

	Aetna Better Health	Health Partners Plans	Keystone First	United Healthcare
<i>Asthma</i>	★★★	★	★★★★	★★
<i>Children's Dental</i>	★	★★★★	★★★	★★
<i>Children's Health</i>	★	★★★	★★★	★★★
<i>High Blood Pressure</i>	★★★	★★★	★★★★	★
<i>Diabetes</i>	★★	★★★★	★★	★★
<i>Maternity</i>	★★	★★★★	★★	★★
<i>Women's Health</i>	★★	★★★★	★★★	★★
<i>Getting Needed Care</i>	★★	★★	★★	★★★★
<i>Satisfaction with Health Plan</i>	★	★★★	★★★	★★★

For each area, the department combined several measures to get one star rating. A plan's star rating represents only the performance measures the plan reported in each area.

What was measured?

Preventive and Well-Care for Women and Children

- Did children see their doctor for a check-up?
- Did women get screened for breast cancer?
- Did pregnant women get the care they needed?
- Did children get dental care?

Satisfaction with Services

- Do members feel they are getting the care they need right away?
- Are members satisfied with their health plan?

Members with Chronic Illnesses

- Did children and adults with asthma get the care they needed?
- Did adults with diabetes get the care they needed?
- Did adults get the care they needed for their high blood pressure?
