PRIOR AUTHORIZATION REQUEST FORM

Health Partners Plans

Cytokine and CAM Antagonists

Phone: 215-991-4300

Fax back to: 866-240-3712

Health Partners Plans manages the pharmacy drug benefit for your patient. Certain requests for coverage require review with the prescribing physician. Please answer the following questions and fax this form to the number listed above.

PLEASE NOTE: Any information (patient, prescriber, drug, labs) left blank, illegible, or not attached WILL DELAY the review process.

Form with fields: Patient Name, Prescriber Name, HPP Member Number, Date of Birth, Patient Primary Phone, Address, City, State ZIP, Line of Business, Drug Name, Quantity, Directions, Diagnosis Code, Diagnosis.

HPP's maximum approval time is 12 months but may be less depending on the drug.

Please attach any pertinent medical history including labs and information for this member that may support approval.

Please answer the following questions and sign.

Q1. Is this a request for renewal of therapy with the requested drug (i.e., the requested drug has been previously approved on prior authorization)? If Yes, go to 85.

Yes No

Q2. Is the requested drug prescribed for the treatment of a diagnosis that is indicated in the United States Food and Drug Administration (FDA)-approved package labeling or a medically accepted indication?

Yes No

Q3. Is the patient age-appropriate according to the Food and Drug Administration (FDA)-approved package labeling, nationally recognized compendia or peer-reviewed medical literature?

Yes No

Q4. Is the requested drug prescribed by or in consultation with an appropriate specialist (e.g., gastroenterologist, dermatologist, rheumatologist, ophthalmologist, immunologist, genetic specialist, etc.)?

Yes No

Q5. Is the patient taking any other cytokine or cell adhesion molecule (CAM) antagonist?

Yes No

Q6. Have all potential drug interactions been addressed by the prescriber (such as discontinuation of the interacting drug, dose reduction of the interacting drug or counseling of the beneficiary about the risks associated with the use of both medications when they interact)?

Yes No

Q7. Does the patient have any contraindications to the requested drug?
Q8. Is the prescribed dose and duration of therapy consistent with the Food and Drug Administration (FDA)-approved package labeling, nationally recognized compendia or peer-reviewed medical literature?
Q9. Is the requested drug associated with an increased risk of infection according to the Food and Drug Administration (FDA)-approved package labeling?
Q10. Is the patient up to date with immunizations in accordance with Centers for Disease Control and Prevention (CDC) Advisory Committee on Immunization Practices (ACIP) recommendations?
Q11. Is there a plan in place for receiving the Centers for Disease Control and Prevention (CDC) Advisory Committee on Immunization Practices (ACIP) recommended immunizations?
Q12. Has the patient been evaluated for active or latent tuberculosis infection documented by results of a tuberculin skin test (purified protein derivative [PPD]) or blood test (interferon-gamma release assay)?
Q13. Has the patient completed the hepatitis immunization series? Note: Please attach documentation.
Q14. Has the patient undergone Hepatitis B screening (sAB, sAG and cAB)? Note: Please attach documentation.
Q15. Did the screen results indicate a risk of hepatitis B virus reactivation?
Q16. Has a follow-up plan to address this risk been developed? Note: Please attach documentation of this plan.
Q17. Is there a plan in place to vaccinate the patient against hepatitis B? Note: Please attach documentation of this plan.
Q18. Is the requested drug associated with behavioral and/or mood changes as stated in the Food and Drug

Patient Name:	Prescriber Name:
---------------	------------------

Q46. Does the patient have history of therapeutic failure of an eight week trial of a conventional non-biologic disease-modifying anti-inflammatory drug (DMARD), or a contraindication or intolerance to conventional non-biologic DMARDs?
If Yes, go to 74.

Yes No

Q47. Does the patient have severe disease as determined by the prescriber?
If Yes, go to 74.

Yes No

Q48. Does the patient have concomitant moderate-to-severe nail disease?
If Yes, go to 74.

Yes No

Q49. Does the patient have psoriasis associated with at least one of the following:
A) A body surface area (BSA) of 3 percent or more that is affected,
B) A BSA of less than 3 percent that is affected with involvement of critical areas,
C) Significant disability or impairment of physical or mental functioning?

Yes No

Q50. Does the patient have history of therapeutic failure of topical corticosteroids or other topical pharmacologic therapy?

Yes No

Q51. Does the patient have a contraindication or intolerance to topical corticosteroids and other topical pharmacologic therapy?

Yes No

Q52. Does the patient have a history of one or more of the following:
A) Therapeutic failure of a 3-month trial of oral systemic therapy,
B) Therapeutic failure of ultraviolet light therapy, OR
C) A contraindication or intolerance to oral systemic therapies and ultraviolet light therapy?
If Yes, go to 74.

Yes No

Q53. Does the patient have Hurley stage II or stage III disease?

Yes No

Q54. Does the patient have a history of therapeutic failure, contraindication or intolerance to both of the following: A) A three month trial of topical clindamycin, OR
B) An adequate trial of systemic antibiotics?
If Yes, go to 74.
