RE: 2021 Medicaid/CHIP Rewards

Dear Provider,

Thank you for being a participating Health Partners Plans (HPP) provider. We are excited to announce the continuation of HPP Rewards, HPP's popular incentive program for Health Partners (Medicaid) and KidzPartners (CHIP) members.

All Medicaid and CHIP members will receive rewards points for completing specific health activities between Jan. 1, 2021 and Dec. 31, 2021. This year's activities include the following screenings and wellness visits: prenatal, postpartum and newborn wellness visits; lead screenings; child and adolescent wellness visits; diabetes management, including annual HbA1c test and retinal exam; hypertension management; and dental visits. Many of these activities can be completed via a telehealth visit.

Many of the health activities incentivized through HPP Rewards are included in our Quality Care Plus (QCP) and Maternity Quality Care Plus (MQCP) measures. We encourage you to discuss these important screenings with your Health Partners and KidzPartners members, as you may see a positive impact on your QCP and MQCP scores. Please visit [HPPPlans.com/rewardlist](https://www.HPPPlans.com/rewardlist) to review this year's eligible health activities and the QCP/MQCP impact.

Health Partners (Medicaid) and KidzPartners members can learn more about HPP Rewards by visiting www.HPPRewards.com or calling 1-800-553-0784 (TTY 1-877-454-8477).

If you have any questions about the HPP Rewards Program, please contact the Provider Services Helpline at **1-888-991-9023** (Monday–Friday, 9 a.m.–5:30 p.m.) or your NAM (Network Account Manager).

Thank you for being an HPP participating provider and for your anticipated partnership in providing great service to our members.

Sincerely,

Cathy McCarron
